TO WHOM IT MAY CONCERN

This is to certify that Scorpion Fire Security has been servicing our fire protection equipment for the last two years. The work has always been carried out promptly, efficiently and it has always been of a very high standard. (Much higher than the standard of other larger Companies.)

This person is truly committed to excellence and we can certainly recommend Scorpion Fire Security to anybody that is sincere about genuine fire security. Furthermore we have found that his charges are always very reasonable.

Should you wish to contact the writer on 683-5800 for further information, please feel free to do so.

Yours faithfully,

FOR AND ON BEHALF OF TELEVISION & ELECTRICAL DISTRIBUTORS (PTY) LTD
